Expenditure and Infrastructure

R200mil+ administered through stipends with reconciled payment trails.

March 2025

We proudly launched Soweto's fully-equipped, off-the-grid early-stage tech education campus by revitalizing a long-neglected primary school building that had been previously hijacked.

Project Management as a Service for ESD and impact programs.

Verified delivery that survives audit—skills, placements, and proof.

What we deliver

- Programme design, scoping and implementation planning
- Governance: steering cadence, risk and issue management
- Beneficiary identification, contracting and compliance control
- Responsible fund deployment with clean audit trails
- Monitoring, evaluation and reporting (outcomes + evidence packs)
- Township SME development programmes via campus-based ecosystems

Best fit for

Corporates who are done with tick-box spend and want measurable outcomes, credible governance, and evidence that holds up in verification and audit.

“No theory decks. Just delivery, jobs, and proof.”

Locally accredited, globally recognised skills development programs, producing entry-level, work-ready talent.

What we deliver

- B-BBEE compliant accredited learnerships and skills programs
- Practical delivery with learner support and completion focus
- Funder enablement to support ETI and S12H (Learnership Tax Allowance) administration
- Verification-ready evidence packs and reporting
- SETA, QCTO and CISCO NetAcad accredited and recognised skills programs

Why it matters

Training that fails to translate into employment opportunities or entrepreneurial success lacks true impact. We develop programs that are relevant to the workplace and market, featuring clear onboarding processes and a commitment to evidence-based practices to safeguard your investment.

Some of our accreditation and vendor recognition

- Media, Information and Communication Technologies Sector Education and Training Authority (**MICTSETA**)
- Quality Council For Trades & Occupations (**QCTO**)
- CISCO Networking Academy (**CISCO NetAcad**)

“Work-ready talent. Built, not promised.”

Transforming every workplace into a quality work experience space that fosters employment opportunities

What we deliver

- Program management for YES, Internship, and Graduate Placement programs
- Comprehensive sourcing, screening, onboarding, and coordination with host employers
- Placement stability through attendance monitoring, issue resolution, and readiness of evidence
- Payroll and administrative support to ensure a positive learner experience and maintain audit trails
- 3:1 Placement Model aimed at transforming funded work experience into permanent positions

Absorption insight

We are intentional about workforce absorption: 55% of our youth and learners on average successfully transition into employment after completing our programs.

“No admin noise. Just jobs and proof.”

Community-rooted impact that builds lasting pathways into skills and work.

What we deliver

- Social impact initiatives aligned to education access and youth employment pathways
- Partnership-driven programmes with corporates, government and civil society
- Campus-based community upliftment with credible delivery and governance
- Targeted bursaries and support for learners and beneficiaries

Flagship: Boundless Soweto Campus

We transformed a long-abandoned primary school into a dedicated tech education campus (March 2025), creating space for delivery, community access, and scalable programs.

“Impact that lasts, built into the community.”

The company we keep

Selected **clients, funders, and host employers** across **manufacturing, healthcare, hospitality, and tech**, supporting programmes from recruitment and delivery through to placement and absorption.
